OUR COMPANY

For more than 30 years we have developed a real expertise in the sideloader industry. From designing to distributing worldwide, we are today a recognized leader in this specific market.

OUR PRODUCTS

We are always listening to our clients, and we have built with them a complete range of sideloaders for the most varied uses. Choosing Boxloader is making sure you get the highest quality products, always all made in France.

OUR RANGE

SPEED > **LOADER**

The Speedloader has an optimized payload, high lifting capacity (35t) and handling speed. Designed primarily for ground to ground operations, it maximizes the profitability of a fleet of sideloaders.

MULTI > **LOADER**

The Multiloader combines high lifting capacity (35t), high payload and flexibility of use (lifting and grounding, transfers, stacking). It is an ideal machine for mature and organized markets.

X TREM > **LOADER**

The Xtremloader combines superlatives: unbeatable lifting capacity (44t), high range, flexibility of operations. It is the "Heavy Duty" machine par excellence, especially for difficult conditions.
